

# Gods Plot: Puritan Spirituality In Thomas Shepards Cambridge

"The expanded version of *God's Plot* turns it into the most accessible means of addressing the relation between lay and clerical spirituality in early New England. I look forward to using it in my own teaching."—David D. Hall, Harvard University Divinity School

: : : :

First issued some twenty years ago, Michael McGiffert's edition of *God's Plot* brought into print the autobiography and journal of Thomas Shepard, Puritan writer, minister at Cambridge, Massachusetts, and a leading architect of New England's church way. Since then, a generation of scholars has drawn on these documents to enhance our understanding of American Puritan spirituality and religious psychology.

In this revised edition, Shepard's autobiography is reprinted in full along with a portion of his journal. Supplementing these texts are confessions of religious experience given by applicants for membership in the Cambridge congregation. These lay narratives, recorded by Shepard, bring to life the religious experiences of a broad spectrum of people. At the same time, they explore the dynamic interaction between clergy and laity that formed the crux of Puritan passion and power.

The revised edition also contains new material reviewing recent trends of scholarship that update McGiffert's original introduction, long recognized for its important contribution to Puritan studies.

"An extremely valuable work for all students of early American history as well as for students of American religion. Indeed, given the new interest in the transatlantic dimensions of Puritanism . . . Shepard's account of his spiritual journey in old and New England has new interest for students of English as well as American Puritanism."—Francis J. Bremer, Millersville University
